

IMPORTANT SAFETY INSTRUCTIONS

HOUSEHOLD USE ONLY • READ ALL INSTRUCTIONS BEFORE USE

⚠ WARNING

To reduce the risk of fire, electric shock, injury, or property damage, when using an electrical appliance, basic precautions should always be followed, including the following:

1. Inspect power cord and plug for any damage before use. **DO NOT** use vacuum cleaner with a damaged cord or plug. Turn off all controls before plugging in or unplugging the vacuum cleaner. Store your vacuum cleaner with the power cord secured around the two cord hooks. To minimize the risk of power cord damage, do not allow the motorized brush roll to ingest the cord. If this occurs, immediately shut off power to the vacuum and remove the cord.
2. This appliance has a polarized plug, if the plug does not fit fully into the outlet, reverse the plug (one blade is wider than the other). If it still does not fit, contact a qualified electrician. **DO NOT** force into outlet or try to modify to fit.
3. Your vacuum cleaner may consist of a motorized nozzle, wand, hose, and/or vacuum pod. This device contains electrical connections, electrical wiring, and moving parts that potentially present risk to the user.
4. Use only identical replacement parts.
5. Carefully observe and follow the instructions provided below to avoid improper use of the appliance. **DO NOT** use the vacuum for any purpose other than those described in this manual.
6. Before use, carefully inspect all parts for any damage. **DO NOT** use if any parts are damaged.
7. The use of an extension cord is **NOT** recommended.
8. This vacuum cleaner contains no serviceable parts.
9. This appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Cleaning and user maintenance shall not be made by children. Keep the appliance and its cord out of reach of children. **DO NOT** allow the appliance to be used by children. **DO NOT** allow to be used as a toy. Close supervision is necessary when used near children.
10. Always turn off the vacuum cleaner before connecting or disconnecting any motorized nozzles or other accessories.
11. **DO NOT** handle plug or vacuum cleaner with wet hands.
12. **DO NOT** use without filters in place.
13. Only use Shark® branded filters and accessories.
14. **DO NOT** damage the power cord:
 - a) **DO NOT** pull or carry vacuum cleaner by the cord or use the cord as a handle.
 - b) **DO NOT** unplug by pulling on cord. Grasp the plug, not the cord.
 - c) **DO NOT** run the vacuum cleaner over the power cord, close a door on the cord, pull the cord around sharp corners, or leave the cord near heated surfaces.
15. **DO NOT** put any objects into nozzle or accessory openings. **DO NOT** use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
16. **DO NOT** use if nozzle or accessory airflow is restricted. If the air paths or the motorized floor nozzle become blocked, turn the vacuum cleaner off and unplug from electrical outlet. Remove all obstructions before you plug in and turn on the unit again.
17. Keep nozzle and all vacuum openings away from hair, face, fingers, uncovered feet, or loose clothing.
18. **DO NOT** use if vacuum cleaner is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water.
19. Use extra care when cleaning on stairs.
20. **DO NOT** leave the vacuum cleaner unattended while plugged in.
21. When powered on, keep the vacuum cleaner moving over the carpet surface at all times to avoid damaging the carpet fibers.
22. **DO NOT** place vacuum cleaner on unstable surfaces such as chairs or tables.
23. Your Shark® vacuum may not be designed to stand up on its own. When taking a break from cleaning, you may need to lean it against furniture or a wall, or lay it flat on the floor. Using the vacuum for an application where the unit lacks stability may result in personal injury.
24. **DO NOT** use to pick up:
 - a) Liquids
 - b) Large objects
 - c) Hard or sharp objects (glass, nails, screws, or coins)
 - d) Large quantities of dust (drywall dust, fireplace ash, or embers). **DO NOT** use as an attachment to power tools for dust collection.
 - e) Smoking or burning objects (hot coals, cigarette butts, or matches)
 - f) Flammable or combustible materials (lighter fluid, gasoline, or kerosene)
 - g) Toxic materials (chlorine bleach, ammonia, or drain cleaner)
25. **DO NOT** use in the following areas:
 - a) Poorly lit areas
 - b) Wet or damp surfaces
 - c) Outdoor areas
 - d) Spaces that are enclosed and may contain explosive or toxic fumes or vapors (lighter fluid, gasoline, kerosene, paint, paint thinners, mothproofing substances, or flammable dust)
26. Turn off all controls before plugging in or unplugging the vacuum.
27. Unplug from electrical outlet when not in use and before any maintenance or cleaning.
28. Hand wash with water only. Washing with cleaning chemicals could damage the unit.
29. During cleaning or routine maintenance, **DO NOT** cut anything other than hair, fibers, or string wrapped around the brushroll.
30. Allow all filters to air-dry completely before replacing in the vacuum to prevent liquid from being drawn into electric parts.
31. Make sure the dust cup and all filters are in place after routine maintenance.
32. If provided, secure the power cord around the two cord hooks during storage.

QUICK START GUIDE

MAINTENANCE

EMPTYING THE DUST CUP

IMPORTANT: Unplug the vacuum before performing any maintenance.

Empty the dust cup each time you vacuum and periodically during cleaning, when debris in the dust cup reaches the MAX fill line.

Press the **Wand Release** button and lift off the handheld vacuum.

Hold the dust cup over the trash. Press the **Empty** button and pull open the dust cup lid until it clicks and locks in the open position. Gently tap the cone-shaped screen inside the dust cup to knock dust and debris into the trash.

CLEANING MODES

For more reach, detach the wand. Stand the vacuum upright, step on the **Foot Pedal** on the side of the nozzle, and pull up the wand to detach.

To detach the handheld vacuum, press the **Wand Release** button and lift the handheld vacuum off the wand. Great for cleaning stairs, furniture, and countertops.

To clean stairs or other narrow spaces, attach the handheld vacuum to the floor nozzle.

STORAGE

HANDHELD STORAGE HOOK

Press the **Wand Release** button near the top of the wand to detach the handheld vacuum. Align the **Catch** on the side of the handheld vacuum with the **Storage Hook** on the wand, then hang the handheld vacuum from the hook.

Wrap the cord around the two cord hooks. Start with the top hook, and leave a little slack in the cord.

NOTE: All accessories are compatible with both the wand and the handheld vacuum.
